IT related career skills: perspective of the industry

In the context of the ELEGANT project, the Syndicate of Computer Science in Lebanon (SCSL), in collaboration with the partners of the ELEGANT project (Beirut Arab University **BAU** and Modern University for Business and Science **MUBS**), cordially invites you to participate in an online seminar to discuss the most needed technical and soft skills employers are looking for in graduates. This seminar will be an opportunity to meet with representatives from different industries who will be sharing their experience and highlighting on important issues in relation to the IT background.

The seminar will be held via Zoom platform on January 9th at 2:00 pm.
