Support System at BAU

We have a support system at BAU that will allow us to prepare our students for their future careers.

- Alumni and Career Office
 - This office acts a strong bond between the university and its graduates.
 - It prepares graduating students to move from the learning environment to the professional environment.
 - It conducts studies related to the labor market and pursue opportunities and jobs available in and outside Lebanon.
 - It supports graduates morally, culturally, socially and develop their energy.
 - It provides Internship and training for graduating students
 - It keeps all records of graduates and update them.
- Center for Entrepreneurship (CFE)
 - This center uses modern approaches to help students develop successful external outreach activities.
- Center for Continuing and Professional Education (CCPE)
 - This center enforces the link between the university and the community

Ongoing work

We are currently working on the collaboration between the above mentioned centers and offices and the following:

- Background information regarding university's activities/agreements.
- Job opportunities
- Career Demands
- Current status of our Computer students / Alumni regarding their employability
- Gathering database of IT companies.

Next Step

Once all data is collected, we will move on to targeting the gaps regarding the following points:

- Acquiring new agreements with IT companies
- Stressing on field work regarding
 - o Soft skills
 - o Hard skills

Recently the university has been offering on-campus part time jobs for students that are facing financial challenges. We are taking this opportunity to prepare these students for their future careers by giving them a chance to do some field tasks related to their majors.
